Bismillahir-Rahmanir-Rahim

As-salamu alaikum!... Welcome to you!

Blessed Allah Almighty, His angels, welcoming you!

Try to be from those people, whom they should be welcomed! When they are leaving this life for eternal life, angels coming and opening the doors of Eternal Life and inviting them, welcoming: "Welcome, good servant!"

Audhu billahimina shaytani rajim

Bismillahir Rahmanir Rahim.

Ya Rabbana, laka-l hamd!

Hamdan daima ma'a khuludik!

Wa salatu wa salamu ala Sayyidina Muhammadin wa 'ala alihi wa sahbihi,
haqqa qadrihi wa miqdarihi l-'azim!

O people, ask forgiveness! Everyone needs to ask forgiveness from Allah Almighty because we are doing something - Meded, ya Rijalallah – it is not so precious servanthood. We are doing servanthood on last level of servant and we are giving our whole power or effort for dunya!

That is bala'un 'azim... That is biggest reason of cursing. If we can do, as we are doing for dunya, for Allah Almighty, this world going to be like paradise!! But believers, they are doing very weak obedience or servanthood that is whom they are saying: "We are good servants." You can't say that I am a good servant! No one can claiming! No any authority for anyone to say: "I am a good servant." Always you must look and you must say: "O our Lord, we are never able to worship to You!"

Once Jesus Christ, always traveling... because Prophets, they have Heavenly Lights enlightened from Heavens and that light or enlightening just appearing on their faces... Also common people, whom they are trying to worship their Lord, it is going to appear on their faces lights or enlightening from Heavens...

People they are trying to be seen their faces beautiful or handsome or to be enlightened - for whom? For other people! Everybody likes to be seen by other people: "So handsome person... so beautiful lady!"... They are using material aspects to show themselves beautiful or handsome. Never!!!

Beauty or whom handsome from Heavens and Allah Almighty, He is granting to His servants Lights from Heavens and Allah Almighty enlightening His servants!

He likes that His servants to be seen and on their faces beauty appearance. He likes that! Anyone from rich people or sultans or kings or emperors, you can't find among their soldiers or servants to be in an ugly face and dark face!! You may see all of them so beautiful and handsome and their appearance as a appearance of a hero and heavenly Lights just seen on their faces! They are using, a king around himself... Staff, staff, everyone that belongs to king or sultan, to be their faces good face, enlightened, not to be hated. Not to be hatred ones! No! Everyone may look to them and may feel through their hearts satisfaction and more love and loyalty to their kings. That is important! And Allah Almighty He likes that His servants to be seen as much as possible beautiful or handsome and to be seen on their faces beauty and lightening.

Therefore, now such a people before our time, they were so many but now those people they are all of them hidden, hidden... so that so many ugly faces!.. dark faces!.. darkness through their faces!.. filling everywhere and they are saying: "We are on Divinely service!" Can't be!! Can't be!! Whom they are belonging Divinely service, must be enlightened, hearts of people attracted by themselves. Therefore, we as much as giving much more time, perhaps fully our times for the Heavenly service of Allah Almighty and His Divinely service, you should be seen 'heybet', glory on themselves and faces enlightening.

Jesus Christ was traveling... whole Prophets traveling because people mostly they are ignorance. Ignorant ones, if they are hearing something advertised by Shaytan, they may run: "Oh, coming a famous pianist... a famous professor... a famous that and this..." running to see, to meet them. But for Heavenly people even their hairs not shaking, not moving, saying: "Eh!"

Therefore you are looking, every day you may see in TV that some person, someone coming if you are looking his face, nothing on his face, only signs of... shaytanic signs on that man or woman! They are beginning to sing or to play on their instruments – ohhh - thousands of people getting up and sitting down.

That means, people commonly going to be Shaytan's service. They only making everything for Shaytan, nothing for Allah. Therefore they are so, so ugly faces and so bad voices... they are shouting and they are dancing, playing... in such a dirty actions they are doing...

Jesus Christ... because people from beginning up today they like to be for Shaytan. It is lovely for common people to follow shaytanic people...shaytanic people, whom they are belonging to Shaytan... Jesus Christ, Allah Almighty dressing him dress of honor and dress of glory and he was protected in his secretness, Allah protecting him.

Once he was traveling, to meet some people may be interested with him. One day he reached to a place on mountain and looking and seeing one abid,.. 'abid' means, one whom they are giving themselves only for their Lords service... like monks.. they are trying to imitate real ones, but they are so far away... far away... He met a person, sitting on earth and praying. Then Jesus Christ asking to him: "Who are you?" And he was saying: "O Jesus Christ! How you are asking my name? Why you are not asking that I am saying to you: How you are here, O Jesus Christ? Why you are not asking this and you are saying: 'How are you?' I am saying about yourself that you are Jesus Christ, you are not knowing, who am I?"

He said: "Yes, I know, but I don't like to show you something that without Heavenly Permission I can't do. Therefore I am asking you, who are you."

And that monk or abid, praying person was saying: "I am also a weak servant of my Lord."

"What are you doing here?" Such a questions that Prophets asking, it is for ta'lim.. teaching and also training...

"I am here, trying to do something for my Lord, Allah Almighty!"

"Ohhh! How many years you are here?"

"I am here about 700 years."

"Where is your home?"

He is saying: "I am here only, I am not in need to build a house, even one room."

Asking Isa, Jesus Christ: "You are not going to build a building for yourself. But for protection from sun or protection from cold you may do at least one small house.. hut! Here you are living so many years. There is seasons changing. Sometimes it is hot season, sometimes it is cold season, and sometimes raining, sometimes shining sun... you are not in need?"

Saying: "No, no time for me! No time for me to build anything because just I have informed... some of my Lords special servants. Some Prophets, just met me and they are giving good tidings to me that I am going to live only 700 years... and 700 years it is not so long life. Therefore I am... not enough time to build anything here!! I am sitting here, day and night, under sun shining, under snowing, never changing.. I am happy, because no time to put one brick on another brick for a building..."

Then Jesus Christ was saying: "Oh, that is... that person real one, who working or who doing his best to make his Lord pleased with him!"

That is most important aim for people to try to make pleased their Lord from him, but people running away... and asking to be pleased! If anyone running away not to make pleased their Lord, they never going to be pleased through their lives! That is Divinely Judgment: "Who trying to make Me happy, pleased with him, I am making that servant through this life to be happy and pleased! Who is trying to give Me pleasure, I am also granting to be that servants always in pleasure!"

That is unchangeable balance to be known, to be worked on it!

Then Jesus Christ was saying: "Ohh...", he was making like this... "You are saying, O my Lords servant, you are saying 700 years only you are living and you are not looking and seeing to build even a very simple hut... I am wondering and thinking that when Last Days approaching, Allah Almighty sending the Seal of Prophets, Sayyidina Muhammad - peace be upon him - and his nations' ages never getting much more than 60 or 70. Very few ones getting up and they are building such a buildings, as Nimrod just built, a tower, they should try to make to build such a buildings." Subhanallah!

Before 2000 years ago that news coming that reaching to me also such a knowledge... Subhanallah! - Surprising Jesus Christ and saying: "You are saying this and the Seal of Prophet's umma, their lives going to be between 60 and 70 years. What was you are going to do, if your life between 60 and 70 years?"

"O Jesus Christ! O Jesus Christ! That time I was making 'Allahu akbar', putting my head, bowing in Divinely Presence for His Endless Glory, making one sajda and I was remaining there till the Angel of Death coming and taking my soul! Nothing else I am going to do!! Only one sajda and one bowing I am finishing!" That ones that coming the Day of Resurrection and they are on sajda! Subhanallah!

Now what people doing? They are so greedy. Greedy to give even very short time for their Lord, to bow and to make sajda for Him!

What is your feeling or opinion? What you can say? What a big event should face the people of 21st century people? What you are saying??!... Only cursing! Only cursing! Only cursing till!! they are coming back leaving Shaytan, then blessings coming...

O people, keep yourself, give your Lord's Rights through their times! Don't fear from anyone! Keep your worshipping and complete your servanthood as much as possible, then you should find that you are through your Lord's Divinely Protection! Nothing can touch! Nothing can harming you here or Hereafter!

For the honor of the Seal of Prophets... Say: "Astaghfirullah! Astaghfirullah!

Tubna wa rajana ilayka, ya Rabbana!

Bi hurmati man anzaltahu 'alayhi Surat I-Fatiha.
